

FEATURES

General: Surface (wall/ceiling) & pendant mounted fixture with a half-moon smooth modern look.

Ideal decorative fixture that would add its mark to all locations; living rooms, kitchens, or offices.

It provides ample and evenly diffused light with low brightness.

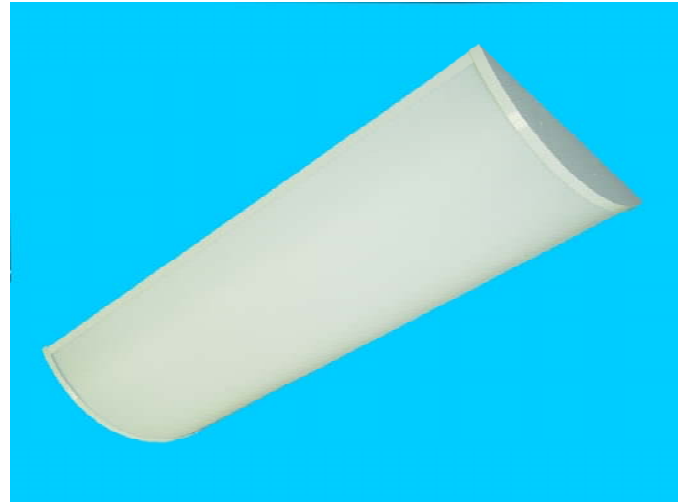

A closed fixture that doesn't collect dust or insects and requires little maintenance.

Housing & Finish: Die-formed cold rolled steel finished in pre-painted high-gloss white with wiring access plate.

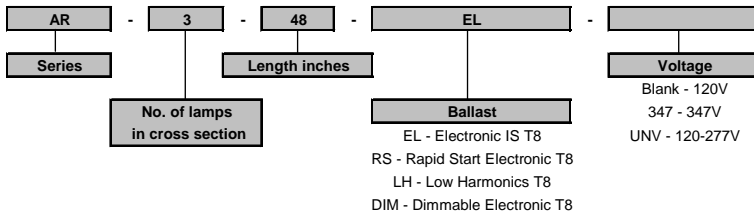

Lens & Ends: Lens is made of white opal acrylic. Ends are made of white PVC fire-retardant plastic and screwed to the fixture's steel body.

Electrical: Available only in electronic ballasts. Available voltages: 120V/240V/277V/347V.

Approval: CSA for Canada & U.S.
