

# FEATURES

# T-BAR ROUNDED

# TBRL

**General:** Recessed troffer fixture for grid ceiling offering a new fresh look with ample lighting and smooth appearance. Ideal for offices and commercial applications

An excellent alternative to the outdated standard T-Bar troffers.

**Housing & Finish:** Die-formed cold rolled steel finished in pre-painted high-gloss white with wiring access plate.

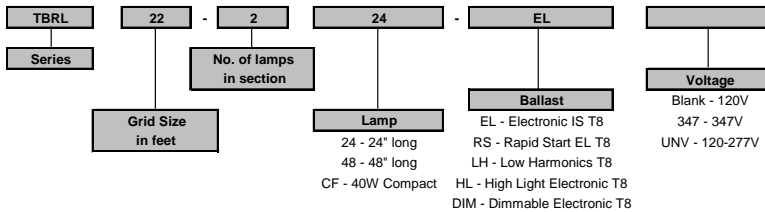

**Lens:** The rounded lens is made of white opal acrylic.

**Electrical:** Available only in electronic ballasts. Available voltages: 120V/347V/UNV 120-277V.

**Approval:** CSA for Canada & U.S.
