

HO1 - HIGH OUTPUT 1 LAMP

General

High Output strips are used in cold weather applications where starting temperatures could be as low as -20°F/-29°C.

Ideal for garages, workshops, and other commercial applications.

Suitable for surface, pendant, and continuous row mounting.

Housing & Finishing

Die-formed cold rolled steel finished in pre-painted high-gloss white. Shallow body due to new electronic ballasts.

Optional wire guard protects the fixtures from impact and breakage.

Electrical

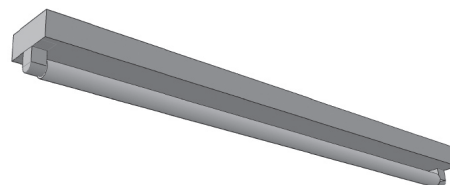

Available in electronic ballasts only.

Available voltages: 120V/277V/347V and UNV.

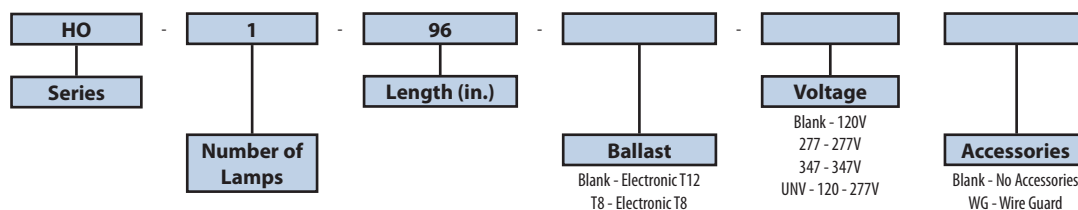

Approval

CSA and UL certified.
