General

High Output industrial strips are used in cold weather applications where starting temperatures could be as low as -20°F/-29°C.

Ideal for garages, workshops, and other commercial applications.

Suitable for surface, pendant, and continuous row mounting.

Options

Asymmetrical reflectors.

Specular reflectors of high-gloss polished metal.

Slotted reflectors provide 10% up-light.

Wire guards protect the fixtures from impact and breakage.

Housing & Finishing

Die-formed cold rolled steel finished in pre-painted high-gloss white. Shallow body due to new electronic ballasts.

Electrical

Available only in electronic ballasts.

Available voltages: 120V/277V/347V and UNV.

Approval

CSA and UL certified.
