General

Highly efficient commercial or industrial fixture ideal for general lighting applications.

Suitable for surface and continuous row mounting, with easy snap-out endplates which are used as joiner plates.

Reflector provides a wide distribution of light with a shielding angle of 15° below horizontal.

Housing & Finishing

Die-formed cold rolled steel finished in pre-painted baked high-gloss white polyester finish.

Options

Asymmetrical reflectors.

Specular reflectors of high-gloss polished metal.

Slotted reflectors provide 10% up-light.

Wire guards protect the fixtures from impact and breakage.

Electrical

Available only in electronic ballasts.

Available voltages: 120V/277V/347V and UNV.

Approval

CSA and UL certified.
