

TO - TORNADO VAPOUR TITE

General

Weather resistant and corrosion-free enclosure for strip fixtures. It has an IP 65 rating. To enhance the light output the specular reflector is optional.

Ideal for exterior/interior applications for food processing plants, pools, freezers and all areas with water vapour or high humidity.

HID Replacement

The Tornado equipped with High-Light electronic ballasts and specular reflectors is an excellent and very efficient replacement for HID fixtures in underground parking.

Optional metal mounting brackets for convenient "snap-in" mounting.

Housing

The housing is moulded of high-impact fire-retardant polyester.

Lens

Acrylic crepe pattern lens insulated with continuous neoprene gasket and held securely to the body with 6 or 12

sturdy latches. Optional vandal resistant polycarbonate lenses.

Electrical

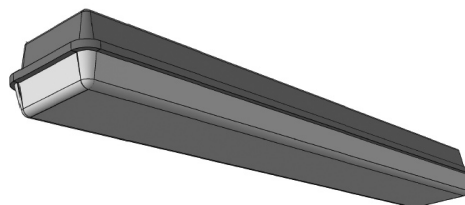

Available in electronic ballasts only.

Available voltages: 120V/277V/347V and UNV.

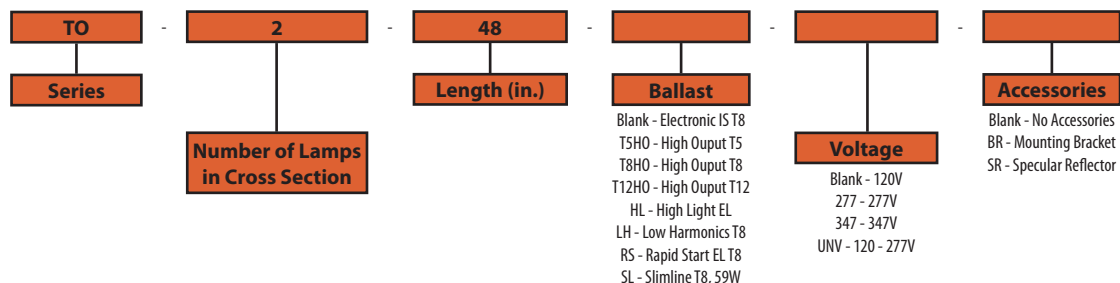

Approval

CSA and UL certified.
